Gypsy Gameschooler's Unit Studies

I love creating unit studies to help provide a rich world to explore. I don't view learning as something finite, or that has an end, so I don't worry about finishing or doing everything. But I love finding a lot of resources for my kids to explore, without the worksheets or quizzes. If you're looking for worksheets, you're going to be disappointed, but if you want diverse lists of resources: books, movies, documentaries, TV shows, websites, and subscriptions, then this unit study is for you. Please do not feel that your child needs to read every book or watch every movie. There are picture books, comic books, early readers, and chapter books of a variety of lengths, so some books will not be appropriate for your child. The same goes for the rest of the resources. Pick and choose what is available to you, what you think your child will enjoy, and what will help the unit study be successful for you. At the same time, don't be afraid to substitute; this is by no means an exhaustive list. Also note that the books can be read by the child, either in print or on an e-reader, read by the caregiver to the child, or listened to by the child as an audiobook. Whatever works for your child is fine.

Some subscriptions my family has used during our country unit studies, and what I think of them:

[Miss Maisy's Tasty Travels](#) - this is by far my favorite subscription we've gotten. It's a monthly letter that comes with four different recipes, each from a different country or location.

[Little Passports](#) - We got this for two years and kept everything, so you'll see I include it in some of the unit studies. It's recently been revised, and looks really cool now. There is a letter, but also a worksheet and one recipe. Each month is from a different country, and comes with a small toy or activity.

[Around the World Stories](#) - If you have auditory learners, this is excellent! Four ~30-minute stories from each of the countries they feature. However, they seem to have stopped creating new stories part way through Asia, so you might want to be cautious about purchasing the Asia stories.

[Letters from Afar](#) - we do not have this subscription service, but if I can find out what countries they have included, I will include them in my unit studies, as I have heard nothing but amazing things from them.

[Parts Unknown](#) is a TV show, and I really like it. There is some language, so you may want to pre-watch for young learners. It is available to purchase streaming rights on Amazon. It is mostly about food in different areas, but also goes into some social and political issues.

[Curiosity Stream](#) is all documentaries, and they regularly have sales for just \$12/year! This is one of my family's favorite resources.
